FY 2016 2017 FIP counts v2+Vera.docx

Hi Phil & Melinda – thanks very much. So I took a look and actually compared against the 100 or so actions that come up on FR if you search for “federal implementation plan”.

Ex. 5 - Deliberative Process

Ex. 5 - Deliberative Process I dropped a couple comments on some of the RH actions. Once I get the feedback from you, I'll send this to Idalia for a double check with the regions.

Subject: FIP count/list

Vera,

Melinda did the research and I took over the final formatting steps when she got busy. The count has changed from 10 to 11. The 11th action just published this week.

We have not had time to research and account for any source-specific tribal FIPs or any withdrawals of PSD FIPs (which would be separately listed but not counted, under our framework). When you give this to R8 for a regional office review, we suggest you specifically ask for the Tribal Air Coordinators and PSD specialists to be included in the review.

I tried a FR search for “federal implementation plan” within 2016 and 2017, and got 100s of hits, because any SIP disapproval action will mention the FIP clock. It would take a long time to go through those hits.
